

ASPAN

American Society of PeriAnesthesia Nurses

ASPAN is pleased to announce that our new online education platform is up and running! We are calling it ASPAN Learn, and you can check it out here:

<https://learn.aspan.org/>

ASPAN Learn has a number of advantages over the old system, including:

- It is mobile friendly and can be used on a tablet or smartphone, in addition to a laptop/PC
- All education currently offered by ASPAN is displayed on a single page, and it's easier to navigate
- Users receive automatic reminders when live events are taking place—and when purchases are expiring
- **All continuing education listed in the Article Review section is now free for members**

As before, please note:

- You will need to log in to purchase ASPAN Education
- Your User Name and Password for ASPAN Learn is the same as what you use for the ASPAN website. Please do not create a different user name or password for ASPAN Learn.

We hope you will take advantage of ASPAN Learn and its many benefits, including the **free continuing education in the Article Review section**. Be sure to share this exciting news with your colleagues, and thank you for being a member of ASPAN. You can see the new webpage by clicking here:
