

CAPANA District Report May 13, 2022

We have had some difficulty scheduling meetings and workshop due to changes in Board availability, and job/personal constraints, but happy to announce we will be meeting in June.

Tentatively we have next month planned. On June 18th Saturday AM at 8:30 we will have 2 Zoom presentations for total of 2.0 CEs open to all Perianesthesia Nurses at no charge. Topic are TBA but possible Ethics and Substance Use Disorder. Flyer will go out this coming week and will send to State Board Members and District Representative to post. Sharon Gallagher is Lead on this program. Look for email from Sharon or myself with information for registration.
