

DAPANA District Meeting Minutes
November 16, 2019

Attendees: 17

Educational offering:

DAPANA offered 1.5 contact hours at our November meeting. Dr. Randall Klotz gave his presentation titled Anesthesia Potpourri in which he reviewed the differing definitions of pain as well as how to treat pain with other modalities other than narcotics. A delicious light breakfast was provided by the board members. Special thanks to President Helen Morrow for mailing out invites prior to our meeting. Because of these mailings we had two nurses, new to the area, attend and are interested in joining ASPAN. Remember programs offered by DAPANA are free to ASPAN members as well as student nurses. For non-members it is \$5 per contact hour. We love to see new faces and are always open to suggestions on future speakers.

Business meeting:

President's report: The meeting was called to order at 0830 by DAPANA President Helen Morrow. Helen welcomed all members and introduced the board members. Future events were announced and new attendees recognized.
