

Opana VP report 5-10-22

Attended ASPAN conference which was held in Philadelphia. It was great to be back in person and to connect with people from Opana as well as people from our Region 3. Participated in my first Representative Assembly which I found very interesting and informative. I was also thankful that Amy was sitting beside me to answer my questions.

The meet n greet hosted by Region 3 was successful and well attended. Already looking forward to the ASPAN conference next year which will be in Denver. It will be held April 27-30. It's over a long weekend again.

Participated in a Region 3 zoom meeting on May 5 hosted by Deb Moengen. Region 3 is planning to host a conference for our Region with the money being divided between the components. Plan to make this conference like a retreat or getaway with the bonus of educational CEU's. Looking into cost, location, activities, and dates. Deb suggested a camp in Michigan that would cover activities and lodging. Another component suggested Chicago or a River cruise. Let me know if anyone has any ideas that I can share at the Region 3 meeting. I was thinking places in Ohio or that we could drive to.

Thank-you,

Kim Place
